Objective

Self-motivated Software Engineer fresher with strong programming skills in Python, Java and C. Skilled in coding, debugging, and problem-solving with a good understanding of Object-Oriented Programming, Frontend Development and AIML. Strong communication and teamwork abilities with adaptability to fast-paced environments. Seeking an entry-level Software Engineer role to apply technical knowledge and contribute to innovative projects while growing professionally.

Education

Btech in CSE(IoT, Cyber Security and Blockchain Technology)	2023– Present
MVGR College Of Engineering	CGPA: 9.18
Intermediate in MPC	2021 – 2023
Sri Satya Sai Junior College(Palakonda)	Percentage: 97.7
SSC (10th)	2020-2021
Z.P.H.S School Mandarada	Percentage: 99

Skills

Programming Languages: C, Java, Python, C++, JavaScript

Web Technologies: HTML, CSS, JS, React.js, Next.js

Blockchain Concepts: Consensus, Smart Contracts, Cryptographic Hashing, Public & Private Blockchains

Database: MySQL

Data Structures & Algorithms: Arrays, Linked Lists, Stacks, Queues, Trees, Graphs, Hashing

Tools: VS Code, Linux, GitHub

Projects

Portfolio Website

Developed a personal portfolio website to showcase projects, skills, and contact information. Designed a responsive and user-friendly interface to highlight technical work and improve online professional presence.

AI Study Notes Generator

Built an AI-powered study notes generator that converts learning content into concise and structured notes.

Implemented features to automatically summarize information, helping students quickly review and understand key concepts.

Experience

Virtual Internship on AI-ML	AWS Academy (EduSkills)	April 2025–June 2025
Completed a virtual internship focused on Artificial Intelligence and Machine Learning concepts. Gained hands-on experience in data analysis, model development, and applying AI/ML techniques to solve real-world problems.		
Virtual Internship on IoT Cloud Engineering	AWS Academy (EduSkills)	July 2025–September 2025
Participated in a virtual internship on IoT and cloud technologies using AWS. Learned to integrate IoT devices with cloud platforms and gained practical knowledge of cloud services, data processing, and IoT architecture.		

Additional Information:

Languages: Telugu, English, Hindi

Certifications: Cloud Technologies — Infosys Springboard, Python Clean Coding — Infosys Springboard, Full Stack Developer — Geeks for Geeks, TechA Python Programming Foundation Certification — Infosys Springboard, Lean Six Sigma White Belt
